

REQUEST FOR QUALIFICATIONS
PORT OF MOSES LAKE.

General A&E Services
(Grant County Port District
#10) 7810 Andrews St NE
Suite 200 Moses Lake, WA
98837

In accordance with Washington State RCW 39.80: Contracts for Architectural and Engineering Services, Engineering and Planning Consultant Services for Grant County Port District 10 aka Port of Moses Lake. The Port of Moses Lake is requesting qualifications from engineering and consulting firms to provide General Architectural and Engineering (A&E) services, as requested for yet-to-be determined projects at the Port of Moses Lake, Washington.

The Port will select and issue one or more (up to three) Indefinite Delivery, Indefinite Quantity (IDIQ) contract(s) based upon qualifications received. The scope of these contracts is to provide general A&E services to support a variety of Port programs. These contracts will primarily require civil, electrical, hydraulic and mechanical engineering; environmental, planning and economics; Industrial Wastewater and land use. Proposals must be received before 2:00 pm (PDT), May 31, 2021

For more information or questions about projects or the RFQ, contact the Port's Director of Facilitates Milt Miller.
